

Congratulations to our Equine Vet Sam

Huge congratulations are in order for equine vet, Sam Baker. Sam has recently passed her synoptic exam for her designated advanced veterinary practitioner certificate in equine dentistry.

Well done Sam!!

Sam joined Oakhill in August 2011 after graduating from Liverpool University with her key area of interest being equine dentistry.

As well as offering routine dentistry procedures, Sam also offers advanced dentistry, using the very latest techniques in our equine clinic, including:

- Oral endoscopic examination
- Digital radiography
- Cheek teeth infundibular restorations (fillings)
- Oral extractions
- Minimally invasive extractions (MTE)
- Treatment of periodontal disease
- Diastema widening
- Sinus surgery
