

FREE CUSHING'S LAB TEST FEE

TALK ABOUT LAMINITIS - FREE CUSHING'S LAB TEST FEE* FOR HORSES

Past 'Talk about Laminitis' test results show that you should look out for any of these clinical signs in your horse:

- Laminitis
- Abnormal or delayed moulting
- Muscle wastage
- Periorbital fat (fat round the eyes)
- Increased drinking and urinating

To claim your free Cushing's lab test fee, generate your voucher code at www.talkaboutlaminitis.co.uk, then call us to make your appointment.]

Oakhill blood sampling fee, visit fee and postage still apply. Offer available from 1st June 2017 - 31st October 2017.

Each voucher is only redeemable against an ACTH blood test where the patient has not previously diagnosed and being treated for PPID and is not valid for repeat testing /case monitoring.
